

## ***UCLA'S GRADUATE WRITING CENTER***

We encourage our students to take advantage of the many academic resources available on the UCLA campus. One of those resources is the UCLA Graduate Writing Center (GWC). The GWC offers quarterly workshops as well as individual consultation appointments to assist with all levels of writing. Many of our students have benefitted greatly from the GWC in preparation for writing grant and fellowship applications, oral qualifying exams, dissertation proposals and TA materials. The Center also offers assistance with ESL and grammar.

For information on the GWC, their calendar of workshops, and how to make an appointment, visit their website:
